EXPERIENCE

Teachers:

Everyone wants to do good things but they may not have means to do so. We feel incredibly lucky to have Chinna jeeyar swamy as our guide to achieve this. We've found deep satisfaction in teaching values and ways of life that surpass our usual experiences as teachers. It's a feeling that's not only close to our hearts as Prajna teachers but also recognized earlier by the District Education Officer Srikakulam who witnessed the outcome of the children."

Parents:

Parents actively participated in the buttermilk distribution program, which was facilitated by the children to assist those in need. Contributions included snacks provided by some parents for distribution. Additionally, some parents expressed their contentment by consistently enrolling their children in the weekly Prajna classes held every Saturday.

Thank You
